Production Manager

Group General
Manager, Mr Ben
Taylor said
"We didn't expect to
need another tower
so soon but the
market demanded
it. The decision was
made simpler after
our experience with
the first installation
so another Tensor 4
high was installed
with an absolute
minimum of
disruption to our
printing schedule
and in record time
thanks to National
Printing Equipment."

The Tower features >

- > Bearing enclosed Sleeves - for sharper dot
- > CE Approved interlocked Guards
- > Tamper Proof interlock Switches
- > Motorised Cylinder features
- > Lever Style Ink Keys
- > Staircase to Platform
- > Manufactured in the U.S.A.
- > Compatible with all other press manufacturers

Over 1760 Units have been installed since 1993.

Tensor delivers on their solid
commitment to maintaining long-term customer relationships with an
exceptionally flexible and performance-driven press system.

Tensor is the source for single width full pressline and add-on equipment
